A considered table  
and bench that  
brings people and  
ideas together.

The Archive table and bench seat embrace the beauty of natural timber. The vertical grain paired with the rounded profile provides softness and warmth.

Archive injects a sense of domestic expression into an office space, responding to the increasing fusion between home and work settings. A distinct, contemporary piece, suitable for a number of different spaces.

# Working with the timbers' natural properties, each table has its own unique set of characteristics.

Inspired by the art of handcrafted timber, the design heroes the natural properties of wood. Composed of two parts, the frame and the tabletop, the Archive table is designed and crafted in New Zealand.

Archive is available as a table or bench seat. The bench seat has an option for a leather seat cushion.
