Step 2

CONTENT CATEGORIES

Once on the BIMContent landing page, scroll to the Downloads section where you can choose to either access the Virtual Showroom, Collections, or browse all individual Revit files in the Full Content Library by clicking on the tab for each section.

If you would like to download our complete collection simply click the blue **Download All** tab on the right.*

For individual downloads, please follow the instructions given on the next page.

*Please note

If this is your first time accessing our BIM Content library, you will first need to register and login (See Step 4).

Step 3

DOWNLOADS

To download an individual file, product collection or the entire showroom, click on the blue **Download** tab.

The screenshot shows a product page for 'OfficePod Workspace AspectFurniture Habitat Open'. On the left, there are several 3D renderings of the product in different configurations and colors. A large blue 'DOWNLOAD' button with a download icon is prominently displayed in the center of the renderings. Above the renderings is a 'Back' button and two circular icons. To the right of the renderings, the product title 'OfficePod Workspace AspectFurniture Habitat Open' is displayed in a large, bold font. Below the title is a short paragraph of text describing the product's flexibility and modularity. A 'Show Less' link is positioned below the text. Further down, there is a row of three icons: a play button, the 'igs' logo, and an eye icon, with the text 'Advanced Materials', 'Created By IGS BIM Solutions', and 'Virtual Showroom Available' respectively. Below this is a table of product metadata. On the right side of the page, there is a 'Connect with us' section with four blue buttons: 'CONTACT US', 'PRODUCT PAGE', 'BULK DOWNLOAD', and 'DOWNLOAD SHOWROOM'. Below that is a 'Related content' section with a 3D rendering of a similar product and a row of ten dots, with the fourth dot from the left being filled.

OfficePod Workspace
AspectFurniture Habitat Open

In a world where attention is being diverted at every turn, the need for flexible zones and micro-environments in the workplace is becoming ever more important. The Habitat system is a light, flexible and modular working system that can be expanded and quickly changed to accommodate a range of office needs and the working styles of those that work in them.

Step 4

ACCOUNT REGISTRATION & DOWNLOAD FORMATS

A pop-up window will appear with various file formats to choose from. These include Revit and AutoCAD (DWG) files along with zip files containing Product Images and Materials.

Please note that file downloads are only accessible via login.

If this is your first time accessing our BIM Content library, please click on the **[Login | Register]** tab at the top of the pop-up window to create a new account.

A one-time verification will be sent to your nominated email account, after which you will be able to easily login and download content.

For any issues or queries, please contact our support team for assistance.
